Education

February 2021 - July 2021

Eleven Fifty Academy, Web Development Immersive Learning Program, Indianapolis, IN.

Six month immersive learning program for Web Development taught with industry-guided curriculum, real world project based learning, and 500+ hours of logged coding time and training.

Competencies & Functional Skills

Time management, team leading and communication, detail orientation, problem solving, critical observation and thinking, troubleshooting.

Technical Skills:

Languages: JavaScript, TypeScript, Node.JS, React, Heroku & Firebase deployment.

Databases: SQL Server

Web Technologies: HTML, CSS, SCSS, Restful APIs, stateless components, session validation, responsive web design.

Technical Projects:

- **OnTour : A website for traveling, independent musicians https://am-ontour.herokuapp.com**
  - Utilized Node.JS, Express, session validation, and SQL to create the back end of this project.
  - Utilized Typescript, React (class components), SCSS, and Material UI to create the client.
- **BTN Mash: A group project game review website *https://arm-my-btnmash.herokuapp.com/***
  - For the server portion of this project, I was tasked with creating a user table, and also helped complete a full CRUD review table. Implemented session validation and utilized Node.JS, Express, and SQL.
  - For the client portion of this project I handled user login and registration. As a stretch goal, I created, styled, and implemented the logic for the 'Games' portion of the website. I utilized ReactStrap, React and functional components to fetch from the api.rawg.io api.
- **PokeAPI project: *https://aymiller200.github.io/API-pokemon/***
  - Utilized PokeAPI, HTML 5, CSS and Javascript to create a stylized app for searching Pokemon.

Experience:

October 2018 - PRESENT

Monon Coffee Co. , Indianapolis, IN - *Barista*

I work with a small, close knit team to ensure the city of Indianapolis stays happy and caffeinated

- Provide exceptional customer service experience and make their drink taste better than they could have imagined.
- Brainstorm with other team members on new drink ideas.

2016 - 2021
Ping's Music, Indianapolis, IN- *Instrument Repair Apprentice*

- Managed inventory of instruments, strings, tuners, pedals, etc.
- Took instruction and learned from the owner on how to troubleshoot problems and resolve customer issues..
- In house subject matter expert for our product line.

June 2017 - June 2018
IndyHumane Society, Indianapolis, IN. - *Canine Care Technician*

- Worked as a team or alone to ensure each dog had gone out, been fed, and had a clean kennel in a timely manner.
- Responsible for tracking canine body language and reported any changes in behavior, eating habits, etc.
- Provided exceptional service to customers and volunteers as it was required.
- Worked closely with the medical and behavioral team to help evaluate canines on intake and took care of necessary documents.
